Convocation At Carleton University History

Carleton University is unique within the Ontario university system for several reasons. It was founded in 1942, not by state or church, but through a community movement initiated by the YMCA to provide non-sectarian education for the thousands of men and women who came to Ottawa in support of the war effort. Because of these roots, Carleton has, throughout its history, attempted to meet the needs of the community by making its programs and resources widely available through innovative technologies and lifelong learning opportunities.

Today, Carleton stands among the best comprehensive universities in Canada. It is a dynamic, research-intensive university, committed to providing an outstanding learning experience for more than 30,000 students. The university offers more than 150 majors, specializations and concentrations in areas as diverse as public affairs, journalism, art and culture, engineering, high technology and international studies.

Today's Convocation ceremony (the calling together of the academic assembly) has its roots in university traditions of medieval Europe.

Coat of Arms

The coat of arms was presented to the university by His Excellency The Right Honourable Ramon John Hnatyshyn, Governor General of Canada, on Nov. 15, 1992, as part of Carleton's 50th anniversary celebrations. It is described in heraldic terms as follows: Sable a maple leaf Gules irradiated and charged with an open book Argent; And for a Crest: On a wreath Argent

Sable and Gules a Phoenix Gules quilled and beaked Or issuing from flames proper; And for a Motto: Ours the Task Eternal; And for Supporters: on a grassy mount on either side a raven Sable beaked and membered or armed Gules.

The open book on the maple leaf signifies that Carleton University is in the nation's capital and that learning is open to all who wish to partake of it. The phoenix, the legendary eternal bird, symbolizes the renewing of learning from older foundations, in recognition of Henry Marshall Tory's role in the founding of the university when he was 78 years old. Ours the Task Eternal is taken from a Walt Whitman poem entitled Pioneers and ties in with the eternal quality of the phoenix.

The Carleton University coat of arms therefore symbolizes sound learning, good citizenship, and the highest hopes of humanity.

The Mace

The mace is a staff symbolizing authority. In the days of knighthood, it was a weapon, but after the 16th century, it became solely a symbol of authority carried by a distinguished member of an assembly. It is used on ceremonial occasions to signify the right of an individual or institution to perform a certain function — in the case of universities, to grant degrees.

At Convocation, the mace is carried by the Marshal of Convocation. During the ceremony, the mace is displayed as an embodiment of the authority of the university.

Carleton's mace was presented to the university in 1976 as a gift from the Chair of the Board of Governors at that time, Mr. Hyman Soloway. It is a silver-plated staff about one metre long. At the upper end there is a bowl marked with the university's coat of arms and the

university motto in Latin and English — Opera Nobis Aeterna and Ours the Task Eternal. From the upper portion of the bowl rises a phoenix. Traditional oak leaves surround the lower end of the staff.

Centre For Indigenous Support And Community Engagement – Eagle Staff

The Eagle Staff is sacred to many Indigenous peoples. It represents the strength and resilience of Indigenous communities and is traditionally carried by someone who has served their community in combat, in leadership or spiritually. The Eagle Staff is a Grandmother staff and was created to be nurturing to our students. It was created by Joel "Bear" Babin who is Algonquin from Wahgoshig First Nation, and who practises Midaywin Traditional ceremonies. Mink fur on the staff represents the best of luck and success to our graduates. The Desert Eagle Hawk's feathers on the staff protect the Northern Flicker's feathers, symbolizing that we are there to guide our students. There are 12 feathers on the staff from a juvenile female eagle. Sage and Sweetgrass are attached and the braided material signifies our ties to the students and the colours represent the walks of life.

The Diploma

The diploma graduates receive at Convocation is the certificate of qualification which publishes the fact that the student has fulfilled all the requirements and completed the prescribed course of study for the degree. As the senior academic legislative body of the university, it is the Senate which has determined whether the requirements have been met. The signatures of the Chancellor and the President of the university appear on the diploma: the Chancellor because of his or her role in conferring the degree, and the President who, as Chair of Senate, certifies that Senate has enacted the required motion to award the degree. The seal of the university is affixed to the diploma as a mark of authentication.

Academic Dress

The academic dress of Carleton University results from a compromise between that found in the ancient foundations of Britain and Canada and the American Intercollegiate Code.

As well, Indigenous graduates and faculty may choose to wear traditional Indigenous clothing in lieu of a gown. The hood may be carried rather than worn, depending on cultural protocols. Carleton acknowledges the diversity of Indigenous peoples, communities and nations and recognizes that traditional Indigenous clothing may vary.

All three academic hoods — bachelor's, master's and doctor's — are of the simple or Oxford shape. The bachelor's hood is made of black stuff. The master's and doctor's are made of black silk. All are lined with silver silk, with two chevrons, one of red and one of black. From bachelor's to doctor's, the hoods are progressively longer and opened to show more of the lining.

The velvet border of the hoods denotes the degrees granted according to the following colour combinations. In some cases a distinguishing cord is sewn slightly in from the lower border: accounting is lemon yellow; applied business analytics is emerald green; applied science is orange with a black cord; architecture is hot pink; architectural studies is hot pink with a black cord; arts is white; business administration is camel brown with a black cord; cognitive science is sky blue with a gold cord; commerce is camel brown; communication and media studies is barrister blue; computer science is walden blue; digital transformation and entrepreneurship is sage green with a black cord; economics is old gold; engineering is orange; entrepreneurship is sage green; finance is marine blue; global and international studies is lavender; health sciences is firebird red; human computer interaction is smoke blue; humanities is white with a red cord; industrial design is toreador red; master of information technology is maize; bachelor of information technology is maize including a green

chevron to denote the joint degree and applied diploma from Carleton University and Algonquin College respectively; infrastructure protection and international security is sky blue with a red cord; international business is camel brown with a red cord; journalism is white with a black cord; journalism and humanities is white with a black and red cord; mathematics is hunter green; media production and design is white with a black and gold cord; music is pink; networking technology is maize with a black cord; philanthropy and non-profit leadership is toreador red with a black cord; political management is sky blue with a black cord; public affairs and policy management is peacock with a gold cord; public policy is peacock with a red cord; public policy and administration is peacock with a black cord; science is Spanish yellow; social work is crimson; technology is sienna; and doctor of philosophy is royal purple.

The master's and bachelor's gowns, to be worn with the above hoods, are of full length, made of black stuff, with a gathered yoke behind, and long open-fronted sleeves. The doctoral gown is of full-style, made of fine royal blue cloth with facings of light blue silk, with a full gathered yoke behind, and closed sleeves with an opening at the elbows.

The two shades of blue in the doctoral gown are those of the United Nations, and recognize the university's long-standing interest, from its earliest years, in international affairs and issues. The colours were chosen when the university awarded its first honorary degree in 1954 to the second secretary-general of the United Nations, Dag Hammarskjöld. The tradition of awarding honorary degrees to secretaries-general of the United Nations has continued since that time.

The gown of the honorary Doctor of Laws, Literature, Music, Science, Engineering, Architecture or Fine Arts is a full robe with square collar at the black and modified T Sleeve. It is made of royal blue cloth with light blue facings that continue around the back. The light blue also trims the bottom edge and slit of the modified sleeve.

The hood has the same lining as that for the degrees granted by examination, and is bordered with royal purple for the degree of Doctor of Laws; vibrant blue for the degree of Doctor of Literature; pink for the degree of Doctor of Music; red for the degree of Doctor of Science; orange for the degree of Doctor of Engineering; hot pink for the degree of Doctor of Architecture; and dark cardinal for the degree of Doctor of Fine Arts.

Alumni Hall

The Alumni Hall and Sports Centre opened in 2005, and serves more than 750,000 visitors every year. The new centre has tripled the usage for athletic and other activities and has doubled the size of the cardio facilities at the university. The Alumni Hall and Sports Centre, which also houses the Ravens' Nest, the home of men's and women's varsity basketball teams, welcomes graduands and their families during Spring Convocation ceremonies. The Carleton University Alumni Association donated \$2.5 million towards construction of this exceptional facility.

Officiating Officers

Chancellor

Yaprak Baltacioğlu, C.M., LL.B., M.A.

Yaprak Baltacioğlu has been one of Ottawa's most seasoned deputy ministers, serving as a trusted advisor to Prime Ministers and numerous ministers. Over her career, she has led the Departments of Agriculture and Agri-Food, Transport, Infrastructure, and Treasury Board Secretariat. Now retired, Baltacioğlu serves on the Boards of Deloitte Canada and Chile, MDA, Canadian Standards Group, and Canadian Nuclear Laboratories. She is a Senior Distinguished Fellow at the University of Toronto's Munk School of Global Affairs and Public Policy. Baltacioğlu is a Member of the Order of Canada.

President and Vice-Chancellor

Wisdom J. Tetley, Ph.D., FGA

Wisdom Tetley began his term as Carleton University's 17th President and Vice-Chancellor on Jan. 1, 2025. Tetley joined Carleton from the University of Toronto, where he served as Vice-President and was Principal of the Scarborough campus between 2018 and 2024. He held the roles of Dean of the Irving K. Barber School of Arts and Sciences and of the Faculty of Creative and Critical Studies, both at the University of British Columbia's Okanagan campus, and was Interim Dean of the Faculty of Communication and Culture at the University of Calgary. Tetley has served as a consultant and advisor to various global organizations, including the World Bank, the United Nations Development Programme, the Africa Capacity Building Foundation and the International Association of Universities. He has been a board member of local and regional organizations, including the Toronto PanAm Sports Centre and CivicAction.

Chair of the Board of Governors

Beth Creary, B.A. H., LL.B

Beth Creary has been a dedicated member of the Carleton Board of Governors since 2018. Now retired, she previously served as Senior Vice-President of Legal & Compliance at Ligado Networks, a leading satellite telecommunications company in Canada and the U.S. Throughout her distinguished career, Creary has spearheaded mergers and acquisitions, secured debt and equity funding, planned IPOs, navigated both downsizing and growth phases, overseen regulatory compliance and engaged with key government departments regulating the telecommunications industry. A passionate community advocate, Creary has lent her expertise to numerous boards, including Big Sisters of Canada, Centertown Citizens Ottawa Corporation and Children's International Summer Villages Ottawa.

Honorary Degree Recipients

Mona Nemer, Ph.D., C.M., C.Q., FRSC

Mona Nemer will be awarded the degree of Doctor of Science, *honoris causa*, at the 12 p.m. ceremony on Wednesday, June 18, in recognition of her international academic leadership in cardiovascular sciences and her work as a champion for Canadian science research.

Nemer is the Chief Science Advisor to Canada's Prime Minister, Minister of Industry and Cabinet. Her mandate is to provide advice on issues related to science and government policies that support it. This includes advising on ways to ensure that science is considered in policy decisions and that government science is fully available to the public.

Before becoming the Chief Science Advisor, Nemer was Professor and Vice-President of Research at the University of Ottawa and Director of the Molecular Genetics and Cardiac Regeneration Laboratory. She holds a Ph.D. in Chemistry from McGill University and did post-doctoral training in molecular biology at the Institut de Recherche Clinique de Montréal and Columbia University.

Nemer is a leader in the area of molecular cardiology; she has discovered several genes essential for normal heart development and function. Her work has contributed to the development of diagnostic tests for heart failure and the genetics of cardiac birth defects. She has published more than 200 highly cited scientific articles and trained over 100 students from around the world.

Nemer is a Member of the Order of Canada, a fellow of the Academy of Sciences of the Royal Society of Canada, a fellow of the Chemical Institute of Canada, a fellow of the American Academy of Arts and Science, a Knight of the Ordre national du Québec, a Knight of the French Republic's National Order of Merit and a Knight of the National Order of the Legion of Honour. She has been awarded honorary doctorates from universities in France, Finland, Lebanon and Canada.

Hassan Ahmed, Ph.D.

Hassan Ahmed will be awarded the degree of Doctor of Engineering, *honoris causa*, at the 3 p.m. ceremony on Thursday, June 19, in recognition of his distinguished career as an esteemed business leader and entrepreneur in wireless network technology and telecommunications.

Ahmed has founded or helped lead companies valued at over \$43 billion. He currently serves as the Chair, CEO and co-founder of Sway AI.

Previously, he co-founded and served as Chair and CEO of Affirmed Networks. The company focused on anticipating the needs of wireless service providers to change business models as they restructured the architecture of their networks to meet the rise of smartphone use. It was acquired by Microsoft in April 2020.

He also served as Chair and CEO of Sonus Networks from its early beginnings to becoming a public company that led the transformation of global telecommunication networks to VoIP.

Ahmed is a Director at Ciena. He has been a Senior Advisor at Charles River Ventures and has served in various executive roles at Ascend Communications, Cascade Communications and Analog Devices.

He served as Associate Professor of Electrical, Computer and Systems Engineering and Associate Professor of Finance at Boston University. He has authored more than 50 professional publications.

Ahmed holds a Bachelor of Engineering and Master of Engineering from Carleton University and earned a Ph.D. in electrical engineering from Stanford University.

University Awards

Founders Award

Edward Bruggink

Edward Bruggink joined Carleton in 1981 as a greenhouse technician and became the greenhouse manager in 1998. As the Nesbitt Building Supervisor, Bruggink oversees all 14 Carleton greenhouses and cultivates 12,000 flowers annually for convocation and campus beautification.

Affectionately known as “Papa Papillion,” Bruggink has fostered a strong community spirit through his volunteer work with the annual Biology Butterfly Show. His dedication to education extends beyond the Department of Biology, benefiting the entire Carleton community. Bruggink’s outstanding efforts in organizing and educating the community earned him the 2018 Service Excellence Award. His tireless work in maintaining Carleton’s greenhouses continues to inspire and beautify the campus.

Board of Governors Award for Outstanding Community Achievement

Artur Estrela da Silva

Artur Estrela da Silva is receiving a Bachelor of Arts Honours in Political Science, with a concentration in International Relations. As a student, Estrela da Silva has excelled academically, making the Dean’s Honour List from 2021 to 2024, while contributing to research on Brazilian foreign policy as a Research Assistant.

Estrela da Silva has shown exceptional leadership in student government, notably serving as Vice-President, Student Issues, for the Carleton University Students’ Association (CUSA). His initiatives have enhanced student life, including contributions to CUSA’s Housing 101 Guide, establishing the first partnership with the Embassy of Mexico to facilitate student internships and leading the CUSA Think Tank – a volunteer research initiative aimed at boosting student advocacy.

His achievements include the 2022 Vereed Foundation Scholarship, the 2023 Honourable Walter Baker Memorial Scholarship in Political Science, the 2024 Garrett Elsey Memorial Award and an International Award of Excellence.

Recognition of High Academic Achievement

The designation of *With Distinction* and *With High Distinction* recognizes outstanding academic achievement by undergraduate students.

In order to have the designation awarded, the following criteria must be met:

- Students must have completed at least 10.0 credits at Carleton University toward the degree;
- For the designation *High Distinction*, an overall cumulative grade point average equal to or greater than 10.40 (on a 12-point scale);
- For the designation *Distinction*, an overall cumulative grade point average equal to or greater than 9.80 (on a 12-point scale).

DOCTOR OF PHILOSOPHY

Presented by Professor Richard Dansereau,
Associate Dean, Faculty of Engineering and
Design

Building Engineering

Milad Rostami*

Aiming for Adaptation: Developing a
Quantitative Framework for Building
Resilience in Response to Climate Change-
Induced Grid Outages
Supervisor: S. Bucking

Farzam Sepanta

Quantitative Assessment of Energy and
Emissions Impacts of Teleworking on
the Four Domains of Homes, Offices,
Transportation, and the Internet
Supervisor: L. O'Brien

Melina Sirati

Quantification of the Impact of Teleworking
on Energy Consumption and Carbon
Emissions in Residential Buildings
Supervisors: L. O'Brien & C. Cruickshank

Civil Engineering

Rulla Al-Haideri

Modelling Road Users Behaviour at
Roundabouts Using Discrete Choice Models
Supervisors: K. Ismail & A. Weiss

Sepideh Mirshekar Syahkal

Development and Application of Simplified
and Advanced Modeling Procedures for
Timber-Concrete Composite Structures
Supervisor: V. Sadeghian

Brandon Michael George Robinson*

Robust, Sparse, and Bayesian Learning of
Stochastic Nonlinear Dynamical Systems
with Applications in Aeroelasticity and
Infectious Disease Modelling
Supervisors: A. Sarkar & D. Poirel & C. Pettit

Seyed Amirhossein Tabatabaei*

Load Transfer and Creep Behaviour of Pile
Foundations in Warming Permafrost
Supervisor: M. Tofigh Rayhani

Environmental Engineering

Marjan Soltanzadeh

Quantifying the Health Co-benefits of
Mitigating Combustion-based CO2 Emissions
in Canada and the U.S.
Supervisor: A. Hakami

MASTER OF APPLIED SCIENCE

Presented by Professor Richard Dansereau,
Associate Dean, Faculty of Engineering and
Design

Civil Engineering

Joshua Peter Berghuis

Performance of Cross-Laminated Timber
Panel-to-Panel Diaphragm Connections with
and without Tension Straps

Mudasser Mohamed Anis Noor

Evaluation of Expander Body Inflation
Effects on Load Transfer of Piles and Anchor
Systems

Michael Francesco Pantano*

Comparing Parameter Estimation and State
Prediction Performance of Physics Informed

Alumni Association Welcome

Congratulations on obtaining your degree from Carleton University, persevering through any and all challenges faced. Welcome to the Carleton University Alumni Association (CUAA).

With your remarkable achievement comes a membership in a thriving club – a dynamic organization of more than 190,000 people living and working around the world who all share a proud connection with this university. This network can help you realize your dreams, open doors and connect you to your alma mater.

This is a day for celebration, but it also represents an opportunity for reflection. As you savour your accomplishment, take a moment to look back on your years at Carleton. Remember the ideas that challenged you, the professors who inspired you, and the lifelong friendships you have made. You will treasure these wonderful memories for the rest of your life.

On behalf of your Alumni Association, congratulations on reaching this milestone. Welcome to the CUAA – we're here to help you as you embark on a happy and successful future.

Jason Daley, *B.Comm/99*
President, Carleton University Alumni Association
