Convocation at Carleton University

History

Carleton University is unique within the Ontario university system for several reasons. It was founded in 1942, not by state or church, but through a community movement initiated by the YMCA to provide non-sectarian education for the thousands of men and women who came to Ottawa in support of the war effort. Because of these roots, Carleton has, throughout its history, attempted to meet the needs of the community by making its programs and resources widely available through innovative technologies and lifelong learning opportunities.

Today, Carleton stands among the best comprehensive universities in Canada. It is a dynamic, research-intensive university, committed to providing an outstanding learning experience for more than 30,000 students. The university offers more than 150 majors, specializations and concentrations in areas as diverse as public affairs, journalism, art and culture, engineering, high technology and international studies.

Today's Convocation ceremony (the calling together of the academic assembly) has its roots in university traditions of medieval Europe.

Coat of Arms

The coat of arms was presented to the university by His Excellency The Right Honourable Ramon John Hnatyshyn, Governor General of Canada, on November 15, 1992, as part of Carleton's 50th anniversary celebrations. It is described in heraldic terms as follows: Sable a maple leaf Gules irradiated and charged with an open book Argent; And for a Crest: On a wreath Argent Sable and Gules a Phoenix Gules quilled and beaked

Or issuing from flames proper; And for a Motto: Ours the Task Eternal; And for Supporters: on a grassy mount on either side a raven Sable beaked and membered or armed Gules.

The open book on the maple leaf signifies that Carleton University is in the nation's capital and that learning is open to all who wish to partake of it. The phoenix, the legendary eternal bird, symbolizes the renewing of learning from older foundations, in recognition of Henry Marshall Tory's role in the founding of the university when he was 78 years old. Ours the Task Eternal is taken from a Walt Whitman poem entitled Pioneers and ties in with the eternal quality of the phoenix.

The Carleton University coat of arms therefore symbolizes sound learning, good citizenship, and the highest hopes of humanity.

The Mace

The mace is a staff symbolizing authority. In the days of knighthood, it was a weapon, but after the 16th century, it became solely a symbol of authority carried by a distinguished member of an assembly. It is used on ceremonial occasions to signify the right of an individual or institution to perform a certain function — in the case of universities, to grant degrees.

At Convocation, the mace is carried by the Marshal of Convocation. During the ceremony, the mace is displayed as an embodiment of the authority of the university.

Carleton's mace was presented to the university in 1976 as a gift from the Chair of the Board of Governors at that time, Mr. Hyman Soloway. It is a silver-plated staff about one metre long. At the upper end there is a bowl marked with the university's coat of arms and the

university motto in Latin and English — Opera Nobis Aeterna and Ours the Task Eternal. From the upper portion of the bowl rises a phoenix. Traditional oak leaves surround the lower end of the staff.

Centre for Indigenous Support and Community Engagement – Eagle Staff

The Eagle Staff is sacred to many Indigenous peoples. It represents the strength and resilience of Indigenous communities and is traditionally carried by someone who has served their community in combat, in leadership or spiritually. The Eagle Staff is a Grandmother staff and was created to be nurturing to our students. It was created by Joel "Bear" Babin who is Algonquin from Wahgoshig First Nation, and who practises Midaywin Traditional ceremonies. Mink fur on the staff represents the best of luck and success to our graduates. The Desert Eagle Hawk's feathers on the staff protect the Northern Flicker's feathers, symbolizing that we are there to guide our students. There are 12 feathers on the staff from a juvenile female eagle. Sage and Sweetgrass are attached and the braided material signifies our ties to the students and the colours represent the walks of life.

The Diploma

The diploma graduates receive at Convocation is the certificate of qualification which publishes the fact that the student has fulfilled all the requirements and completed the prescribed course of study for the degree. As the senior academic legislative body of the university, it is the Senate which has determined whether the requirements have been met. The signatures of the Chancellor and the President of the university appear on the diploma: the Chancellor because of his or her role in conferring the degree, and the President who, as Chair of Senate, certifies that Senate has enacted the required motion to award the degree. The seal of the university is affixed to the diploma as a mark of authentication.

Academic Dress

The academic dress of Carleton University results from a compromise between that found in the ancient foundations of Britain and Canada and the American Intercollegiate Code.

As well, Indigenous graduates and faculty may choose to wear traditional Indigenous clothing in lieu of a gown. The hood may be carried rather than worn, depending on cultural protocols. Carleton acknowledges the diversity of Indigenous peoples, communities and nations and recognizes that traditional Indigenous clothing may vary.

All three academic hoods — bachelor's, master's and doctor's — are of the simple or Oxford shape. The bachelor's hood is made of black stuff. The master's and doctor's are made of black silk. All are lined with silver silk, with two chevrons, one of red and one of black. From bachelor's to doctor's, the hoods are progressively longer and opened to show more of the lining.

The velvet border of the hoods denotes the degrees granted according to the following colour combinations. In some cases a distinguishing cord is sewn slightly in from the lower border: accounting is lemon yellow; applied business analytics is emerald green; applied science is orange with a black cord; architecture is hot pink; architectural studies is hot pink with a black cord; arts is white; business administration is camel brown with a black cord; cognitive science is sky blue with a gold cord; commerce is camel brown; communication and media studies is navy blue; computer science is royal blue; digital transformation and entrepreneurship is sage green with a black cord; economics is old gold; engineering is orange; entrepreneurship is sage green; finance is marine blue; global and international studies is lavender; health sciences is firebird red; human computer interaction is smoke blue; humanities is white with a red cord; industrial design is toreador red; master of information technology is maize; bachelor of information technology is maize including a green chevron to denote the joint degree and applied diploma from Carleton University and Algonquin

College respectively; infrastructure protection and international security is sky blue with a red cord; international business is camel brown with a red cord; journalism is white with a black cord; journalism and humanities is white with a black and red cord; mathematics is hunter green; media production and design is white with a black and gold cord; music is pink; philanthropy and non-profit leadership is toreador red with a black cord; political management is sky blue with a black cord; public affairs and policy management is peacock with a gold cord; public policy is peacock with a red cord; public policy and administration is peacock with a black cord; science is Spanish yellow; social work is crimson; and doctor of philosophy is royal purple.

The master's and bachelor's gowns, to be worn with the above hoods, are of full length, made of black stuff, with a gathered yoke behind, and long open-fronted sleeves. The doctoral gown is of full-style, made of fine royal blue cloth with facings of light blue silk, with a full gathered yoke behind, and closed sleeves with an opening at the elbows.

The two shades of blue in the doctoral gown are those of the United Nations, and recognize the university's long-standing interest, from its earliest years, in international affairs and issues. The colours were chosen when the university awarded its first honorary degree in 1954 to the second secretary-general of the United Nations, Dag Hammarskjöld. The tradition of awarding honorary degrees to secretaries-general of the United Nations has continued since that time.

The gown of the honorary Doctor of Laws, Literature, Music, Science, Engineering, Architecture or Fine Arts is a full robe with square collar at the black and modified T Sleeve. It is made of royal blue cloth with light blue facings that continue around the back. The light blue also trims the bottom edge and slit of the modified sleeve.

The hood has the same lining as that for the degrees granted by examination, and is bordered with royal purple for the degree of Doctor of Laws; vibrant blue for the degree of Doctor of Literature; pink for the degree of Doctor of Music; red for the degree of Doctor of Science; orange for the degree of Doctor of Engineering; hot pink for the degree of Doctor of Architecture; and dark cardinal for the degree of Doctor of Fine Arts..

Alumni Hall

The Alumni Hall and Sports Centre opened in 2005, and serves more than 750,000 visitors every year. The new centre has tripled the usage for athletic and other activities and has doubled the size of the cardio facilities at the university. The Alumni Hall and Sports Centre, which also houses the Ravens' Nest, the home of men's and women's varsity basketball teams, welcomes graduands and their families twice a year during Spring and Fall Convocation ceremonies. The Carleton University Alumni Association donated \$2.5 million towards construction of this exceptional facility.

Officiating Officers

Chancellor

Yaprak Baltacioğlu, C.M., LL.B., M.A.

Yaprak Baltacioğlu has been one of Ottawa's most seasoned deputy ministers, serving as a trusted advisor to Prime Ministers and numerous ministers. Over her career, she has led the Departments of Agriculture and Agri-Food, Transport, Infrastructure and Treasury Board Secretariat. Now retired, Baltacioğlu serves on the boards of Deloitte Canada and Chile, MDA Space, Canadian Standards Group and Canadian Nuclear Laboratories. She is a Senior Distinguished Fellow at the University of Toronto's Munk School of Global Affairs and Public Policy. Baltacioğlu is a Member of the Order of Canada.

Interim President and Vice-Chancellor

Jerry Tomberlin, Ph.D.

Jerry Tomberlin was appointed as Interim President and Vice-Chancellor of Carleton University on Sept. 1, 2023. Previously, he held roles as Provost and Vice-President (Academic) and Dean of the Sprott School of Business at Carleton. Tomberlin was on the AACSB International Board of Directors. He has also chaired the Business Schools Association of Canada. Prior to joining Carleton in 2008, Tomberlin held a variety of positions in the John Molson School of Business at Concordia University in Montreal, including Dean, Associate Dean of Research and Graduate Studies, as well as External Affairs, Department Chair and Academic Director of the MBA program. He has taught at institutions in England, New York, and France. Tomberlin holds an M.A. and Ph.D. in Statistics from Harvard, a Master of Public Health in Biostatistics from Michigan, and a BS in Mathematics from Florida State.

Chair of the Board of Governors

Beth Creary B.A. H., LL.B.

Beth Creary, Board Chair, has been a dedicated member of the Carleton Board of Governors since 2018. Now retired, she previously held the position of Senior Vice-President, Legal & Compliance, at Ligado Networks, a North American satellite telecommunications provider. Throughout her career, Creary has managed teams through large contracting negotiations including mergers, acquisitions, IPOs, funding and regulatory compliance, and has navigated both company downsizing and growth phases. A passionate community advocate, Creary also contributed her expertise to numerous boards, including Big Sisters of Canada, Centertown Citizens Ottawa Corporation, and Children's International Summer Villages Ottawa and is currently an Ambassador for the Help our Students (HOST) Program.

Assisting the Chancellor

Marshal of Convocation

Elinor Sloan, *Ph.D.*
Professor, Department of Political
Science

Scott Mitchell
John Nelson
Jane van den Dries
Pamela Wolff

The university acknowledges the many faculty, staff, campus departments and ancillary operations for their valuable contribution to the success of the Fall 2024 Convocation ceremonies.

Honorary Degree Recipient

Tina Fedeski, M.S.M.

Tina Fedeski will be awarded the degree of Doctor of Music, *honoris causa*, at the 9 a.m. ceremony on Saturday, Nov. 9, in recognition of her visionary leadership and extraordinary dedication to fostering positive change for youth through the power of music.

After a life-transforming youth orchestra experience, Fedeski studied at the Guildhall School of Music and Drama in London, England, and then played principal flute in the Tenerife Symphony Orchestra for four seasons. Following a six-month sabbatical in the Banff Centre for the Arts, she moved to Ottawa, where she played with all the established local orchestras and festivals.

In 1999, in partnership with her husband Gary McMillen, she opened The Leading Note print music store. Until its sale in 2020, it was recognized nationally and became a hub of the classical music scene in Ottawa.

In 2007, motivated by her passionate belief in the transformative power of youth music, she and co-founders Gary McMillen and Margaret Maria launched OrKidstra, a Sistema-inspired social development program delivered through music. From its inaugural class of 27 students, over 750 children and youth from 62 linguistic and cultural backgrounds currently participate in OrKidstra's free programs. OrKidstra's students demonstrate how the power of music gives them a voice that transcends differences and celebrates love, courage, excellence and belonging.

For over a decade, Fedeski has been dedicated to advancing music and education initiatives at Carleton. She has led music practicum courses, taught flute as an adjunct professor and mentored many Carleton students throughout the history of OrKidstra.

As the leader of OrKidstra, Fedeski has proudly accepted many awards including a Peace Award from the Mayor of Ottawa and a Leadership Award from the Canadian Institute for Child Health. In 2016, she was awarded the Meritorious Service Medal by the Governor General of Canada for creating the OrKidstra program.

Medallists in the Graduating Class

Governor General's Medal

Awarded annually to a student standing at the head of the graduating class at the graduate and undergraduate levels
Donor: Her Excellency the Governor General of Canada

Brodie William Hobson
Nicholas Watson

Chancellor's Medal

Awarded annually in the name of the Chancellor of the university to graduating students of outstanding academic achievement

Tianchen Li

President's Medal

Awarded annually in the name of the President of the university to the student with the highest standing in a 15-credit program of study

Katherine Bonna Karen Branston Larose

University Medal for Outstanding Graduate Work

Doctoral level
Awarded, when merited, for outstanding graduate work at the doctoral level

Lindsay Elizabeth Robinson

Master's level
Awarded, when merited, for outstanding graduate work at the master's level

Claire Julia Peneycad

University Medals Undergraduate

Awarded annually, when merited, to the graduating students standing highest in the Faculty of Arts and Social Sciences, Faculty of Engineering, Faculty of Public and Global Affairs, Faculty of Science, Sprott School of Business

Faculty of Arts and Social Sciences
Craig Thomas Petter
Catherine Swierenga
Lauren Smarzik

Faculty of Engineering
Mohammed Rafat Abu Al Khair

Faculty of Public and Global Affairs
Sara Rachel McCabe
Ashley Thum

Faculty of Science
Mohajer Farhadpur
Claire Margaret Moore Campbell

Sprott School of Business
Grace Elizabeth Cosgrove

Senate Medals for Outstanding Academic Achievement-Graduate

Awarded, when merited, to graduating students of outstanding academic achievement

Doctoral level
Katherine Sarah Davidson
Émélie Desrochers-Turgeon
Andrew Erlandson
Mamoon Ul Kader
Sarafina Pagnotta

Master's level
Lauren Jessie Butterfield
Kai Violet Gabrielle Jacobsen
Esther Jiménez Atochero
Dylan Leveille
Meredith Abigail Silverman
Samuel Soucy

Senate Medals for Outstanding Academic Achievement-Undergraduate

Awarded, when merited, to graduating students of outstanding academic achievement

Taylor Victoria Northwood
Klaus Li Kytayko
Marieann Joe Thottungal
Hope Elizabeth Mary Hamilton
Julia Kosoralo
Luca Emilio Gino lenzi
Brian Harding
Alexander Seung-Yup Lee
Emily Alicia Brown
Sarah Eslamdoust
Meagan Marie Pye
Coran Mark Frost
Adison Kathryn Lampert
Sayyed Soroush Moussavi
Alexander John Szabo
Oscar Mulati
Farah Mohammad Tarek Al Jabari
Ruairidh Burness Scott Husband

Aileen Mo
Gizelle Stephnie Hunt
Amelia Grace Mcneill-Mckinnell
Sylvie Catherine Geauvreau
Theo Finley Dunn

Recognition of High Academic Achievement

The designation of *With Distinction* and *With High Distinction* recognizes outstanding academic achievement by undergraduate students.

In order to have the designation awarded, the following criteria must be met:

- Students must have completed at least 10.0 credits at Carleton University toward the degree;

- For the designation *High Distinction*, an overall cumulative grade point average equal to or greater than 10.40 (on a 12-point scale);
- For the designation *Distinction*, an overall cumulative grade point average equal to or greater than 9.80 (on a 12-point scale).

Graduating Students

**SATURDAY, NOVEMBER 9,
9:00 A.M.**

Presented by Associate Professor Minjoon Lee, Vice-Chair, Department of Economics

Oluwasegun Adepitan

Okeoghene Steven Ogberekare

SATURDAY, NOVEMBER 9, 3:00 P.M.

DOCTOR OF PHILOSOPHY

Presented by Professor Maria DeRosa, Dean, Faculty of Science and Professor Richard Dansereau, Associate Dean, Faculty of Engineering & Design

Biology

Ilias Berberi

Fight and Flight: Behavioural Drivers and Evolutionary Consequences of Resource Competition in Birds
Supervisor: R. Dakin

Noa Gang

Exploring the Link Between Dioxin Exposure and Diabetes Risk: Contributions of the Islet Aryl Hydrocarbon Receptor
Supervisor: J. Bruin

Iman Momeni Dehaghi

Decline of Migratory Monarch Butterflies During their Fall Migration in North America
Supervisors: J. Bennett and L. Fahrig

Matthew James Muzzatti

Individual-level Dietary Manipulation for Optimizing Mass Rearing of the Edible Cricket *Gryllodes sigillatus*
Supervisors: H. MacMillan and S. Bertram

Chemistry

Fiona Ann Ebanks

Aptamer-Based Assays for Food Safety and Health Applications
Supervisor: M. DeRosa

Kelly Madlyn Fulton

Characterization of Flagellin Glycosylation in the Emerging Human Pathogen *Aeromonas Hydrophila*
Supervisor: J. Smith
Specialization in Biochemistry

Christian Alexander Rosaes

Applications of TrEnDi
Supervisor: J. Smith

Computer Science

Fatemeh Banaeizadeh

Enhanced Uplink Communications in 5G Cellular Connected UAV Networks Using Machine Learning
Supervisors: E. Kranakis and M. Barbeau and J. Garcia-Alfaro

Nilofar Mansourzadeh

Knowledge Reuse as a Foundation for Security Metrics
Supervisor: A. Somayaji

Earth Sciences

Bruna Maria Borba de Carvalho

Petrology, U-Pb Geochronology and Nd isotopic Geochemistry of Mafic and Ultramafic Rocks of Matthews Ridge, NW Guyana, Guiana Shield, Amazonian Craton, South America
Supervisors: B. Cousens and R. Ernst

Neuroscience

Brendan Harvey Hoffe

An Investigation into the Hyperacute Neuronal Consequences Following Impact to the Porcine Brain using an Ex Vivo Model of Brain Impact
Supervisors: M. Holahan

Alysia Nicole Ross

A Novel Neuroprotective Role of Neuroexcitability in Parkinson's Disease
Supervisor: H. Sun

Physics

Mohamed Elbeltagi

Study of High Voltage Breakdown in Liquid Xenon Time Projection Chambers and Statistical Interpretation of Machine Learning Assisted Event Discrimination in Rare Event Searches
Supervisor: R. Gornea
Specialization in Particle Physics

Andrew Erlandson

First observation of solar neutrino absorption on ⁴⁰Ar using the DEAP-3600 detector
Supervisor: M. Boulay
Specialization in Particle Physics

Elizabeth Mary Fletcher

Advances in Monte Carlo Modelling for Characterization of Specific Energy and Absorbed Dose Distributions from Cell to Patient Length Scales
Supervisor: R. Thomson
Specialization in Medical Physics

Pure Mathematics

Mohammad Ali Ahmadpoor Jadehenary

Topology and Uniqueness of Optimal Plans for Multi-marginal and Stratified Mass Transport Problems
Supervisor: A. Momeni

Seyed Soroush Kazemi

Fejér and Littlewood Decompositions over Discrete Quantum Groups
Supervisors: J. Crann and M. Neufang

Zachary Donald Welch

A Collection of New Algorithms in Post-Quantum Cryptography
Supervisors: C. Ingalls and D. Panario

Aerospace Engineering

Catherine Dolly Clement

Investigation into the Effects of Heat Treatment and Nanoparticles on the Microstructure and Mechanical Properties of LPBFed AlSi10Mg Alloy
Supervisor: A. Kabir

Architecture

Émélie Desrochers-Turgeon

Land, Science and Architecture: Politics of Scale in 1856–1939 Ottawa, Canada
Supervisor: F. Goffi

Building Engineering

Brodie William Hobson

Next-Generation Sequences of Operation for Occupant-Adaptive Building HVAC Systems
Supervisor: B. Gunay
Concentration in Building Performance

Electrical and Computer Engineering

Pengcheng Chen

Multi-Agent Robust Deep Reinforcement Learning for Voltage and Frequency Control in Electrical Distribution Systems with High Penetration of PVs and BESSs
Supervisors: S. Liu and X. Wang

Mechanical Engineering

James Leigh McLean Corrigan

Thermal Desorption Amperometry of Hydrogen in Metals
Supervisors: R. Liu and J. Gu

Borna Monazzah Moghaddam

A Geometric Approach to Safe Control of Orbital Manipulators
Supervisor: R. Chhabra

Alexander Herbert Tettenborn

Hybrid Bayesian Artificial Neural Networks for Visual Texture Identification with Applications in Autonomous Planetary Geology
Supervisor: A. Ellery

MASTER OF COMPUTER SCIENCE

Presented by Professor Maria DeRosa, Dean, Faculty of Science

Sean Steele Benjamin

Investigation of the Distribution Based Network Control Learning Environment Specialization in Data Science

Mehardeep Singh Bhalla

Co-operative Education

Mitchell John Violini Chatterjee

Toward Robust Automated Cardiovascular Arrhythmia Detection using Self-supervised Learning and 1-Dimensional Vision Transformers

MASTER OF HUMAN-COMPUTER INTERACTION

Presented by Professor Maria DeRosa, Dean, Faculty of Science

Paola Chaves Marmorato

Older Adults Privacy and Security Practices in Online Dating

Manya Kakkar

Rethinking VR Input: Co-design with Gamers with Upper Limb Motor Impairments and VR Designers

Shaghayegh Kalantari

Exploring Virtual Reality Architectural Communication in Designing a Paediatric Care Centre

Juan Camilo Lopez

Opacity in Car Augmented Reality Head-up Displays: Users' Preferences, Visual Attention, and Situation Awareness

Pallavi Sodhi

Accessible Play: Designing a Framework for Accessibility in Games

Prahasith Somarowthu

Effects of Interactive Engagement Approaches on Mind-Wandering, Task Load, and Usability in Educational Videos

Andrew William Thompson

Investigating the Effect of Information Display Type on Performance and Experience in Virtual Reality First-Person Shooter Video Games

Ningyu Wu

Designing a Remote Tracking System for Children's Safe Outdoor Play

MASTER OF SCIENCE

Presented by Professor Maria DeRosa, Dean, Faculty of Science

Biology

Michael Robert Dusevic

Differences in Freshwater Littoral Communities Associated with Shoreline Modification for Erosion Control in the Rideau River, Ontario

Stephanie Anne Hewetson

The Role of Glucose Regulated Protein (GRP78) in Deferoxamine and Buthionine Sulfoximine in Human Embryonic Kidney (HEK293T) Cells

Interactive Multimedia and Design

Alumni Association Welcome

Congratulations on obtaining your degree from Carleton University, persevering through any and all challenges faced. Welcome to the Carleton University Alumni Association (CUAA).

With your remarkable achievement comes a membership in a thriving club – a dynamic organization of more than 177,000 people living and working around the world who all share a proud connection with this university. This network can help you realize your dreams, open doors and connect you to your alma mater.

This is a day for celebration, but it also represents an opportunity for reflection. As you savour your accomplishment, take a moment to look back on your years at Carleton. Remember the ideas that challenged you, the professors who inspired you, and the lifelong friendships you have made. You will treasure these wonderful memories for the rest of your life.

On behalf of your Alumni Association, congratulations on reaching this milestone. Welcome to the CUAA – we're here to help you as you embark on a happy and successful future.

Jason Daley, *B.Comm*
President, Carleton University Alumni Association
