Convocation at Carleton University History

History

Carleton University is unique within the Ontario university system for several reasons. It was founded in 1942, not by state or church, but through a community movement initiated by the YMCA to provide non-sectarian education for the thousands of men and women who came to Ottawa in support of the war effort. Because of these roots, Carleton has, throughout its history, attempted to meet the needs of the community by making its programs and resources widely available through innovative technologies and lifelong learning opportunities.

Today, Carleton stands among the best comprehensive universities in Canada. It is a dynamic, research-intensive university, committed to providing an outstanding learning experience for more than 30,000 students. The university offers more than 150 majors, specializations and concentrations in areas as diverse as public affairs, journalism, art and culture, engineering, high technology and international studies.

Today's convocation ceremony (the calling together of the academic assembly) has its roots in university traditions of medieval Europe.

Coat of Arms

The coat of arms was presented to the university by His Excellency The Right Honourable Ramon John Hnatyshyn, Governor General of Canada, on November 15, 1992, as part of Carleton's 50th anniversary celebrations. It is described in heraldic terms as follows: Sable a maple leaf Gules irradiated and charged with an open book Argent; And for a Crest: On a wreath Argent

Sable and Gules a Phoenix Gules quilled and beaked Or issuing from flames proper; And for a Motto: Ours the Task Eternal; And for Supporters: on a grassy mount on either side a raven Sable beaked and membered or armed Gules.

The open book on the maple leaf signifies that Carleton University is in the nation's capital and that learning is open to all who wish to partake of it. The phoenix, the legendary eternal bird, symbolizes the renewing of learning from older foundations, in recognition of Henry Marshall Tory's role in the founding of the university when he was 78 years old. Ours the Task Eternal is taken from a Walt Whitman poem entitled Pioneers and ties in with the eternal quality of the phoenix.

The Carleton University coat of arms therefore symbolizes sound learning, good citizenship and the highest hopes of humanity.

The Mace

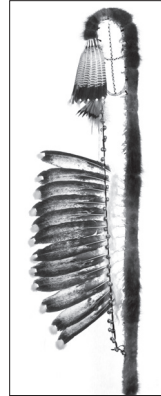

The mace is a staff symbolizing authority. In the days of knighthood, it was a weapon, but after the 16th century, it became solely a symbol of authority carried by a distinguished member of an assembly. It is used on ceremonial occasions to signify the right of an individual or institution to perform a certain function — in the case of universities, to grant degrees.

At convocation, the mace is carried by the Marshal of Convocation. During the ceremony, the mace is displayed as an embodiment of the authority of the university.

Carleton's mace was presented to the university in 1976 as a gift from the Chair of the Board of Governors at that time, Hyman Soloway. It is a silver-plated staff about one metre long. At the upper end there is a bowl marked with the university's coat of arms and the university motto in Latin and English — Opera Nobis Aeterna and Ours the Task Eternal. From the upper portion of the bowl rises a phoenix. Traditional oak leaves surround the lower end of the staff.

Centre for Indigenous Support and Community Engagement – Eagle Staff

The Eagle Staff is sacred to many Indigenous peoples. It represents the strength and resilience of Indigenous communities and is traditionally carried by someone who has served their community in combat, in leadership or spiritually. The Eagle Staff is a Grandmother staff and was created to be nurturing to our students. It was created by Joel "Bear" Babin who is Algonquin from Wahgoshig First Nation, and who practises Midaywin Traditional ceremonies. Mink fur on the staff represents the best of luck and success to our graduates. The Desert Eagle Hawk's feathers on the staff protect the Northern Flicker's feathers, symbolizing that we are there to guide our students. There are 12 feathers on the staff from a juvenile female eagle. Sage and Sweetgrass are attached and the braided material signifies our ties to the students and the colours represent the walks of life.

The Diploma

The diploma graduates receive at convocation is the certificate of qualification which publishes the fact that the student has fulfilled all the requirements and completed the prescribed course of study for the degree. As the senior academic legislative body of the university, it is the Senate which has determined whether the requirements have been met. The signatures of the Chancellor and the President of the university appear on the diploma: the Chancellor because of his or her role in conferring the degree, and the President who, as Chair of Senate, certifies that Senate has enacted the required motion to award the degree. The seal of the university is affixed to the diploma as a mark of authentication.

Academic Dress

The academic dress of Carleton University results from a compromise between that found in the ancient foundations of Britain and Canada and the American Intercollegiate Code.

As well, Indigenous graduates and faculty may choose to wear traditional Indigenous clothing in lieu of a gown. The hood may be carried rather than worn, depending on cultural protocols. Carleton acknowledges the diversity of Indigenous peoples, communities and nations and recognizes that traditional Indigenous clothing may vary.

All three academic hoods — bachelor's, master's and doctorate — are of the simple or Oxford shape. The bachelor's hood is made of black stuff. The master's and doctorate are made of black silk. All are lined with silver silk, with two chevrons, one of red and one of black. From bachelor's to doctorate, the hoods are progressively longer and opened to show more of the lining.

The velvet border of the hoods denotes the degrees granted according to the following colour combinations. In some cases a distinguishing cord is sewn slightly in from the lower border: accounting is lemon yellow; applied business analytics is emerald green; applied science is orange with a black cord; architecture is hot pink; architectural studies is hot pink with a black cord; arts is white; biotechnology is lichen green; business administration is camel brown with a black cord; cognitive science is sky blue with a gold cord; commerce is camel brown; communication and media studies is barrister blue; computer science is walden blue; digital transformation and entrepreneurship is sage green with a black cord; economics is old gold; engineering is orange; entrepreneurship is sage green; finance is marine blue; global and international studies is lavender; health sciences is firebird red; human computer interaction is smoke blue; humanities is white with a red cord; industrial design is toreador red; master of information technology is maize; bachelor of information technology is maize including a green

chevron to denote the joint degree and applied diploma from Carleton University and Algonquin College respectively; infrastructure protection and international security is sky blue with a red cord; international business is camel brown with a red cord; journalism is white with a black cord; journalism and humanities is white with a black and red cord; mathematics is hunter green; media production and design is white with a black and gold cord; music is pink; networking technology is maize with a black cord; philanthropy and non-profit leadership is toreador red with a black cord; political management is sky blue with a black cord; public affairs and policy management is peacock with a gold cord; public policy is peacock with a red cord; public policy and administration is peacock with a black cord; science is Spanish yellow; social work is crimson; technology is sienna; and doctor of philosophy is royal purple.

The master's and bachelor's gowns, to be worn with the above hoods, are of full length, made of black stuff, with a gathered yoke behind, and long open-fronted sleeves. The doctoral gown is of full-style, made of fine royal blue cloth with facings of light blue silk, with a full gathered yoke behind, and closed sleeves with an opening at the elbows.

The two shades of blue in the doctoral gown are those of the United Nations, and recognize the university's long-standing interest, from its earliest years, in international affairs and issues. The colours were chosen when the university awarded its first honorary degree in 1954 to the second secretary-general of the United Nations, Dag Hammarskjöld. The tradition of awarding honorary degrees to secretaries-general of the United Nations has continued since that time.

The gown of the honorary Doctor of Laws, Literature, Music, Science, Engineering, Architecture or Fine Arts is a full robe with square collar at the black and modified T Sleeve. It is made of royal blue cloth with light blue facings that continue around the back. The light blue also trims the bottom edge and slit of the modified sleeve.

The hood has the same lining as that for the degrees granted by examination, and is bordered with royal purple for the degree of Doctor of Laws; vibrant blue for the degree of Doctor of Literature; pink for the degree of Doctor of Music; red for the degree of Doctor of Science; orange for the degree of Doctor of Engineering; hot pink for the degree of Doctor of Architecture; and dark cardinal for the degree of Doctor of Fine Arts.

Alumni Hall

The Alumni Hall and Sports Centre opened in 2005, and serves more than 750,000 visitors every year. The new centre has tripled the usage for athletic and other activities and has doubled the size of the cardio facilities at the university. The Alumni Hall and Sports Centre, which also houses the Ravens' Nest, the home of men's and women's varsity basketball teams, welcomes graduands and their families during Spring Convocation. The Carleton University Alumni Association donated \$2.5 million towards construction of this exceptional facility.

Officiating Officers

Chancellor

Nikita Nanos, C.M., FCRIC, FCMC, ICD.D

Nikita (Nik) Nanos is the Chief Data Scientist and Founder of Nanos Research Group of Companies. As the leader of one of Canada's top research firms, he oversees the Nanos Bloomberg Canadian Confidence Index, tracking consumer confidence in the economy. He is the pollster of record for The Globe and Mail, CTV News, and Bloomberg News Canada. Nanos holds degrees in political studies and a Master of Business Administration from Queen's University and has pursued Ph.D.-level studies in quantitative methods. Deeply committed to public service, he served on Carleton University's Board of Governors for eight years, including as Chair, and is an adjunct professor at NPSIA. He was appointed a Member of the Order of Canada in 2023.

President and Vice-Chancellor

Wisdom J. Tettey, Ph.D., FGA

Wisdom Tettey is Carleton University's 17th President and Vice-Chancellor. He is a professor in the Department of Political Science, with cross-appointments in the Institute of African Studies and the School of Journalism and Communication. His interdisciplinary research interest and expertise includes media, politics, and civic engagement in Africa; African higher education and the knowledge society; transnational citizenship and the African diaspora; representation, identity, and inclusive citizenship. Tettey has served as a consultant and advisor to various global organizations and as a board member of local, regional, and professional bodies. He currently chairs the Boards of the Scarborough Charter on Anti-Black Racism and Black Inclusion in Canadian Higher Education and The Conversation Canada.

Chair of the Board of Governors

Beth Creary, B.A. H., LL.B

Beth Creary has been a dedicated member of the Carleton Board of Governors since 2018. Now retired, she previously served as Senior Vice-President of Legal & Compliance at Ligado Networks, a leading satellite telecommunications company in Canada and the U.S. Throughout her distinguished career, Creary has spearheaded mergers and acquisitions, secured debt and equity funding, planned IPOs, navigated both downsizing and growth phases, overseen regulatory compliance and engaged with key government departments regulating the telecommunications industry. A passionate community advocate, Creary has lent her expertise to numerous boards, including Big Sisters of Canada, Centertown Citizens Ottawa Corporation and Children's International Summer Villages Ottawa.

Honorary Degree Recipients

Latha Vishnubhotla

Latha Vishnubhotla will be awarded the degree of Doctor of Engineering, *honoris causa*, at the 6 p.m. ceremony on Tuesday, June 9, in recognition of her distinguished career in advancing networking, security, and cloud technologies and inspiring future leaders through mentorship.

Vishnubhotla is the Chief Platform Officer at Hewlett-Packard Enterprise. She leads the vision, strategy and development of GreenLake, a cloud platform supporting organizations worldwide as they transition to hybrid and multi-cloud operating models.

After earning her Master of Engineering from Carleton, Vishnubhotla built a career spanning 26 years at the forefront of global technology. She has extensive experience building and scaling platforms across networking, cloud, security and AI.

Vishnubhotla has held senior leadership roles at global technology companies, including F5 Networks, Palo Alto Networks, Cisco, Motorola and Nortel. Her work has helped advance internet, software-defined infrastructure, cybersecurity platforms and cloud services that power modern digital businesses.

A trailblazer from the start, Vishnubhotla was the first woman in her undergraduate mechanical engineering class of 1990.

Her impact has earned wide recognition. She was named a Silicon Valley Business Journal Woman of Influence and selected for the Bloomberg Tech Innovators Circle, among other honors.

Vishnubhotla mentors women in technology and serves her community as a yoga and meditation teacher. When she's not shaping the future of technology, she is an accomplished cook who brings the same creativity and precision to her culinary pursuits as to building platforms that power the digital economy.

Kellylee Evans, B.A. (Hons) (Law), B.A. (English Literature)

Kellylee Evans will be awarded the degree of Doctor of Music, *honoris causa*, at the 9 a.m. ceremony on Wednesday, June 10, in recognition of her distinguished career as a Canadian singer-songwriter, in addition to overcoming great personal adversity along the way.

Evans is a high-octane, chameleon-like performer whose natural charm and improvisational vocal style embody jazz, soul, pop and hip-hop. The distinguished Carleton alum is a Juno Award-winning artist and has been nominated for the prestigious honour four times.

She has released nine albums, toured extensively around the world, and has opened for artists as varied as John Legend, Tony Bennett, Willie Nelson and Erykah Badu, captivating audiences along the way.

Previously signed to Universal Music, Evans now releases music on her own label, Enliven Media.

After a life-altering lightning strike, followed by a concussion, the mother of three was forced to halt her busy touring schedule. In the years that followed, Evans has dedicated her energy to recovery and making music. When not performing, Evans travels as a speaker, sharing her recovery journey and an inspiring message of self-care and resilience.

Bruce Lourie, Ph.D., C.M.

Bruce Lourie will be awarded the degree of Doctor of Laws, *honoris causa*, at the noon ceremony on Thursday, June 11, in recognition of his distinguished career as a leader in environmental sustainability and an unwavering commitment to Canada's net-zero future.

Lourie is president of the Ivey Foundation, Chair of the Transition Accelerator and Professor of Practice at McGill University, Faculty of Engineering and Design. He is active on many boards of directors and advisory boards including the Canadian Climate Institute and Clean Economy Fund. Over the past 15 years he has helped build and support Canada's institutional capacity to create a prosperous and sustainable economy.

Lourie is among Canada's most influential experts on sustainability and is known for his ability to rethink environmental problems and develop collaborative solutions that benefit the economy, society and the environment.

Lourie initiated the largest climate action in North America, phasing out coal-fired electricity in Ontario, and helped establish the Ontario Greenbelt, the world's largest urban protected area. He has been instrumental in connecting environmental problems to human health and was the co-author of two books, including the international best-seller *Slow Death by Rubber Duck*.

He is a member of the Order of Canada (2024), was awarded a Rockefeller Bellagio Fellowship (2021), and was the recipient of York University's top alumni distinction, the Bryden Award for Outstanding Achievement (2015). Lourie holds a Ph.D. examining the intersection of science, policy and risk.

University Awards

Founders Award

Duncan Watt

Duncan Watt dedicated more than 22 years of service to Carleton, including 20 years as Vice-President (Finance and Administration), providing steady and principled leadership during one of the most challenging periods in the university's history and helping guide Carleton to long-term financial strength and stability.

Beyond his formal portfolio, Watt's influence extended across student services, institutional planning, employee well-being and leadership development. A visible and approachable presence on campus, he championed collaboration, mentorship and continuous improvement. He founded the Carleton Leader program and supported initiatives that promote wellness, shared governance and service excellence. His enduring legacy reflects a deep commitment to wellness, strategic planning and community building on campus.

Board of Governors Award for Outstanding Community Achievement

Sean Joe-Ezigbo

Sean Joe-Ezigbo has been awarded a Bachelor of Commerce (Honours) with a minor in Economics from the Sprott School of Business, having completed his degree requirements in February 2026. Throughout his academic career, Joe-Ezigbo paired strong scholastic achievement with exceptional leadership and community engagement, making a lasting contribution to the Carleton community.

As President of the Carleton University Students' Association (CUSA), Joe-Ezigbo advanced key initiatives focused on student affordability, food security, housing support and access to essential services. His leadership included the launch of the CUSA Breakfast Club, the expansion of student housing supports and the development of one of the largest student discount programs among Ontario universities. Joe-Ezigbo also promoted environmental sustainability through campus partnerships and volunteered with the Youth Services Bureau of Ottawa, exemplifying outstanding commitment to community service and student well-being.

Recognition of High Academic Achievement

The designation of *With Distinction* and *With High Distinction* recognizes outstanding academic achievement by undergraduate students.

In order to have the designation awarded, the following criteria must be met:

- Students must have completed at least 10.0 credits at Carleton University toward the degree;
- For the designation *High Distinction*, an overall cumulative grade point average equal to or greater than 10.40 (on a 12-point scale);
- For the designation *Distinction*, an overall cumulative grade point average equal to or greater than 9.80 (on a 12-point scale)

Graduating Students

Degrees conferred at Spring Convocation were awarded by Senate in October 2025, February 2026 and May 2026.

Supervisors: M. Pouragha & P. Simms

Mohammad Javad Moradi
Compartment fires data analysis to enhance
performance-based fire safety design
Supervisor: H. Hajiloo

Mohammadreza Salek Faramarzi*
Advancing Site-specific Integration of
Ground Motion Spectral Shape and Duration
Effects in Seismic Design and Performance
Assessment of Canadian Building Structures
Supervisor: V. Sadeghian

Environmental Engineering

Anas Mohammad Khalaf Alhusban
Impact of Model Resolution and Granularity
in Air Pollution Health Studies
Supervisor: A. Hakami

Nimitha Choran**
Microplastics in Wastewater Treatment
Plant Sludges: Detection Methods, Seasonal
Variation, and Effects on Anaerobic Digestion
Supervisor: B. Ormeci

Virender Singh**
Combining Solid-state Fermentation with a
Bioelectrochemically Enhanced Anaerobic
Digestion (BEAD) Process for Increased CH₄
Production from Food Waste
Supervisors: A. Hussain & B. Ormeci

DOCTOR OF PHILOSOPHY

Biomedical Engineering

Natasha Nikita Kunchur

Profiling active extracellular matrix proteins in a fibrotic environment using multimodal Raman Microspectroscopy and Machine Learning

Supervisor: L. Guidolin

Electrical and Computer Engineering

Mohannad Talal Abdelrahman Abu Issa*

Federated Learning-Internet of Things Intrusion Detection Systems

Supervisors: M. Ibn Kahla & A. Matrawy

Mona Mostafa Abdelfatah Ahmed**

DoA Estimation with Full Spatial Coverage in Hybrid Analog/Digital Receivers Under Relaxed and Stringent Snapshot Constraints

Supervisor: R. Gohary

Ebrahim Ameen Ahmed Ali**

Techniques to Improve Classification Performance for Biomedical Applications with Limited Training Data and Variability

Supervisor: S. Rajan

Abdullah Bittar*

Hierarchical Federated Learning for Predictive, Scalable, and Privacy-Preserving Service Function Chaining in Cloud-Native Networks

Supervisor: C. Huang

François Charih**

Sequence-based Peptide Binder Design to Modulate the Lysine Methylome and Beyond

Supervisors: J. Green & K. Biggar

Jinyuan Cui

Bayesian-based Automated ANN Generation and Multi-Submodel ANN Framework for Microwave Modeling

Supervisor: Q. Zhang

In Cotutelle with Tianjin University

Aaron Alexander English

Accelerator Design and Measurements of Proton-Lithium-7 Fusion Cross Section Enhancement

Supervisors: N. Tait & S. McGarry

Amin Farajzadeh**

Towards Self-evolving Non-terrestrial Networks (NTN) via Federated Learning

Supervisor: H. Yanikomeroğlu

Ali Farhat*

Trust Management in the Internet of Things

Supervisors: M. Ibn Kahla & A. Matrawy

Zohre Foroushi

Audio-Visual Speech Enhancement Using Unsupervised Learning Methods

Supervisor: R. Dansereau

William Fraser*

Metamaterials for High-Efficiency Photonic Integrated Circuits with Multiband Applications in Quantum and Fibre Communications

Supervisors: W. Ye & P. Cheben

Germin Saeed Fakhry Ghaly*

Model Order Reduction of Large-Scale Active Linear and Nonlinear Circuits and Systems

Supervisors: M. Nakhla & E. Gad

Amir Hoseein Ghorab**

Dynamic Traffic Scheduling for Deterministic Networking in Microservice-based Industrial IoT Cloud Applications

Supervisor: M. St-Hilaire

Aviroop Ghosh**

Impact of Time Synchronization on Time Aware Shaper Scheduling in Time Sensitive Networks

Supervisors: T. Kunz & S. Yousefi

Sima Hamedifar

Actor-Critic Reinforcement Learning-Based Secure Energy Management and Trading for Smart Homes

Supervisor: S. Liu

Seyedmohammad Hasheminasab

Data-Driven Control Strategies for Bidirectional Voltage Source Inverters in Distributed Energy Resources

Supervisor: H. Chaoui

Yousef Karimi Yonjali

Toward Hybrid Quantum Processors: Acoustically Enabling Non-Piezoelectric Semiconductor Platforms via Quantum Phononic Links

Supervisors: N. Tait & S. Studenikin & K. Mnaymneh

Kam Eucharist Kedze

Split Ring Resonators (SRRs) for Antenna Performance Enhancement

Supervisor: R. Amaya

Armin Lotfy**

Advanced Battery and Energy Management Strategies for Battery Electric Vehicles Using Reinforcement Learning

Supervisor: H. Chaoui

Jared William Mercier

A 4-GHz MDLL Synthesizer with Spurious Output Reduction Using Stochastic Sampling

Supervisor: J. Rogers

Mohsen Mozafari Ghadikolaei**

Remote Respiratory Monitoring from Video Data

Supervisors: J. Green & R. Goubran & A. Law

Heba Nematallah*

From Conv-FOS-MMW to AHDT: Novel Frameworks for Feature Extraction and Hierarchical Classification in Human Activity Recognition

Supervisor: R. Dansereau

Jacob Samuel Thomas Pike**

Inner Clock Generation for High-Speed Wireline Receivers

Supervisors: C. Plett & N. Ben-Hamida

Darius Saif*

A QUIC-Enabled Transport Layer for the Internet of Things: Challenges and Solutions

Supervisor: A. Matrawy

Mahmoud Abdelhafeez Ahmed Sayed**

Homomorphic Encryption Based Obfuscated Complex Queries System

Supervisor: M. Taha

Mohammad Tayefe Ramezanlou

Adaptive Hierarchical Spiking Neural Networks for Event-Driven Multi-Agent Cooperation on the Edge

Supervisors: H. Schwartz & I. Lambadaris

Loic Stephane Thierry*

Model-based Design and Formal analysis of Secure Architectures using Event-B

Supervisors: J. Jaskolka & B. Hamid

Concentration in Software Engineering

In Cotutelle with Université Toulouse - Jean Jaurès

Mohamed Elsayed Gaber Ali Hassan Zalut**

Network Digital Twins: A Paradigm for Network Management Applications

Supervisors: B. Esfandiari & T. Kunz

Hongzhao Zheng**

A Hybrid Positioning System in a Non-terrestrial Network for Urban Areas

Supervisors: H. Yanikomeroğlu & M. Atia

Alumni Association Welcome

Congratulations on obtaining your degree from Carleton University. Today, as you cross the stage, your Carleton alumni community is celebrating this moment with you. Welcome to the Carleton University Alumni Association (CUAA).

With this remarkable milestone comes your membership in a vibrant, global community of more than 190,000 alumni, all connected by their shared Carleton experience. As you close this chapter, we hope you carry forward the memories, friendships and experiences that made this journey your own. This network is here to support you — helping you open doors, explore new opportunities and stay connected to your alma mater.

This is a time for celebration, but also for reflection. Look back on the ideas that shaped your perspective, the professors who inspired you and the friendships you made along the way. Remember the late nights and early mornings, the support networks that helped you and the milestones — both big and small — you shared with your fellow Ravens. These moments will stay with you long after graduation.

Above all, know that your connection to Carleton does not end here but continues to grow as part of a lifelong community.

On behalf of your Alumni Association, congratulations on reaching this milestone. Welcome to the CUAA — we're here to support you as you embark on the next step of your journey.

Jason Daley, *B.Comm/99*
President, Carleton University Alumni Association
